Docket No. \_\_\_\_\_  
License No. \_\_\_\_\_  
EA-YY-XXX \_\_\_\_\_

ORDER SUSPENDING LICENSE  
(EFFECTIVE IMMEDIATELY)

**[Double space from here to end, except single space signature block]**

I

(Name of licensee) (Licensee) is the holder of Facility Operating License No. issued by the Nuclear Regulatory Commission (NRC or Commission) pursuant to 10 CFR Part 50 on (date). The license authorizes the operation of (name of facility) (facility) in accordance with conditions specified therein. The facility is located on the Licensee's site in (City, State).

II

[This section should provide a description of relevant events, facts, violations, technical or legal reasons that provide the substantive basis for issuing the Order, e.g.:

"On (date), an inspection (investigation) of licensed activities was conducted at Licensee's facility at (location) in response to allegations received in NRC Region on (date) regarding [Provide information regarding the allegation]. As a result of the inspection (investigation), apparent violations of regulatory requirements were identified. These violations include [Describe the violations that were identified]. During the inspection (investigation), the Licensee's employees informed NRC inspectors (investigators) that [Describe the information that the employees provided to NRC]. Mr. A stated \_\_\_\_\_. Mr. B denied \_\_\_\_\_. Mr. C admitted \_\_\_\_\_. Contrary to the statements of Mr. A and Mr. B, it was determined that \_\_\_\_\_."]

III

[This section should provide the justification for issuing the Order, in light of the facts described in Section II, e.g., "Based on the above, it appears that the Licensee has willfully violated NRC requirements (has demonstrated careless disregard for NRC requirements and/or has violated NRC requirements and has provided false information to NRC inspectors (investigators))." This section should also describe how the violation or careless disregard adversely affects public health and safety, e.g., "Moreover, the Commission must be able to rely on its licensees to provide complete and accurate information."]

Consequently, I lack the requisite reasonable assurance that the Licensee's current operations can be conducted under License No. \_\_\_\_\_ in compliance with the Commission's requirements

and that the health and safety of the public, including the Licensee's employees, will be protected. Therefore, the public health, safety, and interest require that License No. \_\_\_\_ be suspended. Furthermore, pursuant to 10 CFR 2.202, I find that the significance of the violation(s) (conduct) described above is such that the public health, safety, and interest require that this Order be immediately effective.

#### IV

Accordingly, pursuant to Sections 103, [Include "104b" if any of the licenses subject to the order were issued under Section 104(b)], 161b, 161i, 182 and 186 of the Atomic Energy Act of 1954, as amended, and the Commission's regulations in 10 CFR 2.202 and 10 CFR Part 50, IT IS HEREBY ORDERED, EFFECTIVE IMMEDIATELY, THAT LICENSE NO. \_\_\_\_ IS SUSPENDED PENDING FURTHER ORDER.

The Regional Administrator, Region \_\_, may, in writing, relax or rescind this order upon demonstration by the Licensee of good cause.

#### V

In accordance with 10 CFR 2.202, the Licensee must, and any other person adversely affected by this Order may, submit an answer to this Order within 20 days of this Order or other such time as may be specified in this Order. In addition, the Licensee and any other person adversely affected by this Order may request a hearing on this Order within 20 days of the date of this Order. Where good cause is shown, consideration will be given to extending the time to request a hearing. A request for extension of time must be made in writing to the Director, Office of Enforcement, U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001, and include a statement of good cause for the extension. The answer may consent to this Order. Unless the answer consents to this Order, the answer shall, in writing and under oath or affirmation, specifically admit or deny each allegation or charge made in this order and set forth the matters of fact and law on which the Licensee or other person adversely affected relies and the reasons as to why the Order should not have been issued.

Any answer or request for a hearing shall be submitted to the Secretary, U.S. Nuclear Regulatory Commission, ATTN: Rulemakings and Adjudications Staff, Washington, DC 20555-0001. Copies of the hearing request also shall be sent to the Director, Office of Enforcement, U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001, to the Assistant General Counsel for Materials Litigation and Enforcement at the same address, to the Regional Administrator, NRC Region \_\_, (regional address), and to the Licensee if the hearing request is by a person other than the Licensee. Because of continuing disruptions in delivery of mail to United States Government offices, it is requested that answers and requests for hearing be transmitted to the Secretary of the Commission either by means of facsimile transmission to 301-415-1101 or by e-mail to [hearingdocket@nrc.gov](mailto:hearingdocket@nrc.gov) and also to the Office of the General Counsel either by means of facsimile transmission to 301-415-3725 or by e-mail to [OGCMailCenter@nrc.gov](mailto:OGCMailCenter@nrc.gov). If a person other than the licensee requests a hearing, that person shall set forth with particularity the manner in which his interest is adversely affected by this Order and shall address the criteria set forth in 10 CFR 2.309(d).

If a hearing is requested by a Licensee or a person whose interest is adversely affected, the

Commission will issue an Order designating the time and place of any hearings. If a hearing is held, the issue to be considered at such hearing shall be whether this Order should be sustained. Pursuant to 10 CFR 2.202(c)(2)(i), the Licensee, or any other person adversely affected by this Order, may, in addition to demanding a hearing, at the time the answer is filed or sooner, move the presiding officer to set aside the immediate effectiveness of the Order on the ground that the Order, including the need for immediate effectiveness, is not based on adequate evidence but on mere suspicion, unfounded allegations, or error. In the absence of any request for hearing, or written approval of an extension of time in which to request a hearing, the provisions specified in Section IV above shall be final 20 days from the date of this Order without further order or proceedings. If an extension of time for requesting a hearing has been approved, the provisions specified in Section IV shall be final when the extension expires if a hearing request has not been received. AN ANSWER OR A REQUEST FOR HEARING SHALL NOT STAY THE IMMEDIATE EFFECTIVENESS OF THIS ORDER.

FOR THE NUCLEAR REGULATORY COMMISSION

\_\_\_\_\_  
Deputy Executive Director  
for \_\_\_\_\_
